

Safcor Panalpina's bulletin to our valued partners

1 July 2011

Safcor Panalpina Rate Increases

We wish to remind our clients that Safcor Panalpina tariffs are revised annually during July. This includes contracted rates with third-party service providers such as hauliers.

In line with modern business practice and Safcor Panalpina's commitment to exploring environmentally-friendly business methodologies details of revised specific tariffs will be sent to affected clients by e-mail during the course of this month.

A nominal EDI fee has been introduced in all tariffs on a partial cost recovery basis. This relates to the more onerous requirements placed on cargo reporters, handlers and agents in terms of Customs' modernisation drive and the revised customs legislation that is expected to be submitted to Parliament shortly. This includes the constant reporting of cargo status and movements to SARS at various milestones in the logistics chain.
