21 December 2010

Withdrawal of Exchange Control From F178

The long awaited withdrawal of the current paper-based monitoring system of exports (Form F178) will be replaced with the more efficient electronic monitoring system effective 03 January 2011.

The electronic export monitoring system is dependent on the correct capturing and reporting of the mandatory Exporter Code and the Unique Consignment Reference (UCR) details.

A copy of Exchange Control Circular No. 46/2010 is attached for your records.

Please contact your nearest Safcor Panalpina export department should you require any further information.
