Caro Communications

A BIDVest Group company and a member of the Panalpina Global Network  
Safcor Panalpina is an Authorised Financial Services Provider

Delivering a seamless supply chain to the Automotive Industry

Safcor Panalpina specialises in international supply chain management and consulting services, system integration, customs clearing, forwarding, logistics and financial services. The company has been in business for nearly 100 years and employs 1 100 people with branches in all major ports of South Africa.

### Optimising automotive supply chains

Optimising automotive supply chains to meet tight production schedules with lean inventory management takes real expertise in information design, process planning and operations efficiency. Safcor Panalpina is ideally positioned from both a cost and geographical perspective to offer full supply chain services to the automotive industry worldwide. With specialised automotive business units located in the Cape, Gauteng and KwaZulu Natal, we deliver innovative solutions to Original Equipment Manufacturers (OEMs), Fully Built-up Unit Importers and Exporters (FBUs) and suppliers to the Automotive Industry in South Africa.

state-of-the-art logistics facility

auto logistics storage park

### Global reach and partnerships

Our global reach and industry partnerships enhance our competence in providing a complete supply chain to meet the demands of the Automotive Industry worldwide.

### The Bidvest Group Limited

Safcor Panalpina is a wholly owned subsidiary of The Bidvest Group Limited, an international services, trading and distribution company listed on the JSE South Africa. While Bidvest operates on four continents, its roots remain firmly South African. Bidvest employs more than 104 000 people worldwide. It has a BEE rating of A from Empowerdex and is a BBB level 5 contributor.

### Panalpina Global Network

Safcor Panalpina works closely with global partner, Panalpina World Transport Group, with whom it has been in partnership for over 30 years. Panalpina operates a close-knit network with some 500 branches in 90 countries. In a further 60 countries, it cooperates closely with partner companies. The Group employs over 15 000 people worldwide and is the preferred logistics partner for many leading automotive companies.
